

DECLARATION OF CONSENT

I, the undersigned, hereby declare that I, as the author (or co-author) of my original work (Essay, Documentation Issue, News Article or Book Review), give permission to **docomomo** International to publish this work in its publication – **17th INTERNATIONAL DOCOMOMO CONFERENCE Proceedings**.

I hereby declare that I am only providing **docomomo** International (in terms of it being reproduced in the **17th INTERNATIONAL DOCOMOMO CONFERENCE Proceedings**) with photographs, images, graphics, illustrations or other visual content (“Material”) to which I have the ownership of, or that I have been given the rights by the owner of the Material to provide the Material to **docomomo** International in accordance with the Terms below.

TERMS - INTELLECTUAL PROPERTY

In supplying the Material to **docomomo** International, I warrant that:

- (a) I own all intellectual property rights in and attached to the Material, including, without limitation, copyright, design rights, trade marks and other similar rights (“Intellectual Property Rights”); or where I do not own the Intellectual Property Rights to the Material, I have the right to transfer or license the Material to **docomomo** International in accordance with these terms and conditions;
- (b) **docomomo** International will acknowledge and publish my name as the photographer or creator of the Material in its publication **17th INTERNATIONAL DOCOMOMO CONFERENCE Proceedings** and in the public distribution of the Material. In the case I am not the creator of the Material, I will provide **docomomo** International the appropriate credits to be publicly displayed, on the behalf of the original content creator;
- (c) I agree to indemnify **docomomo** International against any liability, including any third party action or claim against our use of the Material, arising as a result of my breach of any of the stated warranties;
- (d) I may not revoke this license or require any payment of royalties or fees from **docomomo** International to use the Material.
